

Leader in Refrigeration and Specialty Appliances

FOR IMMEDIATE RELEASE:

### **Stop Parcel Theft**

*Finally, the first smart mailbox to stop porch pirates.*

**GUELPH, ON (September 12, 2019)** – Danby Parcel Guard, the recipient of several awards for its innovation and technology, is now available for purchase.

With online shopping more popular than ever, porch pirates are becoming a real problem.

In 2017, close to 25 million Americans experienced parcel theft, up more than 10 per cent from two years prior. This number has certainly increased over the years and is destined to go up even more around Black Friday and Christmas, the busiest times of the year for shopping.

The Danby Parcel Guard is the smart parcel mailbox for your home. No more worrying about porch package theft or weather damaged boxes - Parcel Guard keeps all of your online deliveries safe until you get home. The delivery driver simply opens Danby Parcel Guard's anti-theft drop slot and places the packages inside. Danby Parcel Guard locks, and sends a notification through the app that the package is secure. Additional features include wireless connectivity, motion-activated IP camera and a tamper alarm.

This innovative, smart mailbox has been the recipient of a lot of buzz since its announcement last year. Receiving several awards, such as Canada's Product of the Year, a TWICE Picks Award at CES 2019, and more recently was the runner-up for the International Housewares Association's Global Innovation Awards (GIA) in the Smart Home category.

Buy Danby Parcel Guard direct at [www.buyparcelguard.com](http://www.buyparcelguard.com) or from one of the following retailers: Leon's, The Brick, Costco, Hudson's Bay, ATCO and Amazon.
